FOR IMMEDIATE RELEASE

Peak Physical Therapy Announces Opening of New Clinic

Brookland, AR, July 5, 2022 - Peak Physical Therapy is proud to announce the opening of our newest clinic at **8400 Hwy 49N Suite A, Brookland, Arkansas, 72417**.

Kaleb Brown, PT, DPT, CIDN, BFRC, and Director of the Brookland location states, “I’m excited to return to my family roots in Brookland by opening our new Peak Physical Therapy location. I have deep ties in the community; my family has been here for decades, and it’s wonderful to return to the town that I love. We are thrilled to bring our unique brand of therapy to the Brookland community, with next-level treatments and certifications in dry needling, cupping, and blood flow restriction therapy.”

About Peak Physical Therapy

Peak Physical Therapy first opened in 2006. Now with our 3rd location opening in Northeast Arkansas, Peak continues to help patients get back to living a healthy, pain-free life. Peak Physical Therapy was founded on the premise of quality, hands-on, personalized service. We believe that injuries and illnesses are easier to treat when patients are comfortable in their surroundings and confident in our abilities. Our goal at Peak is to return you to the highest possible level of function in the quickest, safest manner possible.

We are now open! So, if you’re in pain don’t wait. Visit us at <https://reachyourpeaktherapy.com/> to schedule an appointment with one of our licensed professionals today!
